

## Epigram Project and Poster 2016

### Write an epigram and create a poster

First, you need to design a poster (the size of a sheet of construction paper) which illustrates your epigram. On one side of your poster you should somehow illustrate and write your epigram. On the other side of the poster, you should put the epigram in your own words and describe an event from a movie, song, TV, or life which illustrates this truth. You must describe the event in detail and explain how it demonstrates the epigram. Below is rubric.

\_\_\_\_\_ / 10 illustration shows effort – *epigram and illustration on front of poster; write in ink*  
\_\_\_\_\_ / 10 example fits the epigram – *write it in ink on front of poster*  
\_\_\_\_\_ / 5 adequately explain how example exemplifies epigram – *write in ink on back of poster*

\_\_\_\_\_ out of 25

Remember to incorporate the traits of epigrams into your original epigram. Restoration epigrams are witty, positive, universal, permanent, wise, short, clear, universal, inspirational, and intelligent. They are either 2 or 4 lines in length and written in rhyming couplets of iambic pentameter. Epigrams also focus on intelligent thought NOT emotions (no love poems). Your explanation should be a paragraph long. Paragraphs contain 4 to 7 sentences.
